PROFILE

I am a final-year BSc Computing for Digital Media and Games student with a strong interest in digital communication and content support. I have experience working with digital materials, organising creative assets, and supporting projects that require attention to detail. I'm adaptable, reliable, and comfortable managing multiple tasks in a fast-paced environment. I am seeking a role where I can support a creative team, develop my organisational skills, and contribute to delivering effective digital content and communications.

EDUCATION

University of Sussex

Sep 2024 – Ongoing

BSc (Hons) in Computing for Digital Media and Games

- Entered directly into the second year and achieved an overall Year 2 average of 75%, currently on track for a First-Class Honours degree.
